

Welcome Karan

Welcome to my new project management system. Please take a look at [what is new](#).

News

- The [Open Day has been cancelled](#) as part of UCC's COVID19 response. It is currently not possible to say whether it will take place at some later date and if so in which format.
- Project reports will most likely be required in [electronic format only](#) (upload via this website).
- The due date for the project reports has been postponed to April 17.
- Please stay in contact with your supervisors and continue to work on your FYP whenever possible.

Report Writing Guidelines

Logged-in students and lecturers can download here the following guides:

- [FYP Report Writing Guide](#) by UCC School of Computer Science and Information Technology. Please note that [section 4.1.6](#) differs from an [older version](#) of this document which might still be in circulation.
- A recommended [Style Guide](#) for scholarly texts in English.
- A very good [Guide on Mathematical Writing](#) by *Donald E. Knuth et al.*

The specifications for the two interim deliverables are given in the [deliverable requests](#) section of this site.
